

# Corporate Profile

International Cashew Business Centre Limited · icbcghana.com

## Company Overview

International Cashew Business Centre Limited (ICBC) is a Ghana-registered agribusiness engaged in cashew cultivation, harvesting and raw cashew trading, now expanding into value-added processing. Founded in 2019 in the Brong Ahafo Region (Bono Jaman District), the company is building an integrated cashew value-chain platform serving food, nutrition, cosmetics, industrial, renewable-energy and export markets.

## At a Glance

Legal name	International Cashew Business Centre Limited
Incorporated	2019, Republic of Ghana
Cultivation base	Brong Ahafo Region (Bono Jaman District)
Today	Cashew cultivation, harvesting & raw cashew trading
Next stage	Planned value-added cashew processing
Loading port	Tema, Ghana
Website	icbcghana.com
Email	info@icbcghana.com

## Current Operations

- Cashew cultivation on responsibly managed farmland in Ghana.
- Harvesting and on-farm handling of raw cashew nuts.
- Aggregation from own farmland and partner suppliers.
- Quality sorting and export preparation of raw cashew nuts.
- Trading and sale to domestic and international buyers.

## Processing Expansion

ICBC is preparing to move from raw cashew trading into value-added production through the planned procurement of a complete cashew processing line, engaging international machinery suppliers including MASS Makina Sanayi A.Ş. of Türkiye. Planned outputs include cashew kernels, roasted and packaged products, and cashew by-products.

## Value-Chain Vision

- Premium food products — kernels, roasted, snacks, ingredients.
- Plant-based nutrition & wellness ingredients.

- Cosmetics & personal-care inputs.
- Industrial & chemical by-products — CNSL, cardanol, friction materials.
- Agriculture & renewable energy — animal feed, biomass, biofuel.

## Why ICBC

- Established cultivation and trading base — not a greenfield concept.
- Defined processing-expansion strategy and international partnerships.
- Export orientation via Ghana's free-zone and trade frameworks.
- Sustainability and circular-economy roadmap.
- Registered, documented and investor-ready.
